

## **Physical Therapist - Shelbourne Knee Center (2308069)**

Community Health Network was created by our neighbors, for our neighbors. Over 60 years later, “community” is still the heart of our organization. It means providing our neighbors with the best care possible, backed by state-of-the-art technology. It means getting involved in the communities we serve through volunteer opportunities and benefits initiatives. It means ensuring our dedicated caregivers can learn and grow to stay at the top of their fields and to better serve our patients. And above all, it means exceptional care, simply delivered — and we couldn’t do it without you.

### **Make a Difference**

A Physical Therapist will be responsible for Interpreting results of initial evaluation, determines appropriate patient goals, and develops treatment plan. You will modify treatment plan as needed and utilizes appropriate treatment techniques. Physical therapists will also be responsible for participating in teaching opportunities or clinical education of students as well as inter-disciplinary program planning. Most importantly, you must establish and maintain a safe environment conducive to effective team functioning, positive patient outcomes and personal safety.
